

Timberline Solar™

Solar Roofing System

Topline Product Information:

- GAF Energy is launching the world's first nailable solar shingle, the **Timberline Solar Energy Shingle (ES)™**.
- Combined with other standard roofing components, the ES creates Timberline Solar, the only product to integrate solar technology into existing roofing processes and materials to yield a full-fledged solar roof.
- This launch marks a turning point in residential solar energy, as incorporating solar is now as easy as building a traditional roof.

Visit www.gaf.energy/press-kit-ts for a full suite of downloadable assets.

Key Features:

Reliability

All-in-one warranty covers the product as both a roof and solar product

Ease of Installation

Installed with only a nail gun

Sustainability

Clean energy generation is now simple and accessible

Design

A design-forward look that is sleeker than solar panels

GAF Energy Brand Overview:

GAF Energy is transforming the rooftop solar industry to generate "Energy from every roof™". As a Standard Industries company, GAF Energy works in partnership with North America's largest roofing and waterproofing manufacturer, GAF, to offer homeowners elegant, roof-integrated solar options. 1.4+ million roofs per year use GAF shingles.
